Cruise-In

Outstanding attendance at our Cruise-In on 4 February. We had 116 cars attend the Cruise-In, had some really fun cars and raised \$80.00 for the Cumbee Center. With the warmer weather starting to hit, we are excited to see all the work that has been done during the winter

Cumbee Center Update

Case management services are comprehensive, tangible and goal-directed.

Case managers work with each survivor to provide them with an individual plan to obtain needed services, to develop short-term and long-term resources, safety plans, and to help connect and coordinate services from multiple service providers.

Aiken Horsepower Association is a club of auto aficionados and car connoisseurs that meet to converse with others about their accomplishments and catastrophes concerning their pride and joys. Aiken Horsepower Association is open to anyone who has the desire to be a part of a club that hosts monthly cruise-ins and occasional special events.

Our fun and friendship has the specific purpose of raising funds to support The Cumbee Center to Assist Abused Persons, a well deserving local charity. There are occasional focused drives to support emergent needs at the center and around the holidays.

We are truly a “Come As You Are” group you do not have to have a show car to show up. We want to foster relationships around our common interest: cars. Chances are one of our members has been there or done that and can share advice on your projects.

Idea?

If you have any ideas for the newsletter, club events, or how to better support the Cumbee Center we are all ears! Either come to one of our meetings or contact a club officer. We are looking for club members to spotlight in upcoming newsletters, contact Pat Lee if you would like to volunteer.
